

Injections Skill Exam (ISE[®])

SITE INFORMATION & EQUIPMENT LIST

For candidates testing beginning August 2025

EDISON BUILDING, 2nd FLOOR
7910 MICROSOFT WAY
CHARLOTTE, NC 28273
800.969.3926, EXTENSION 2

**EXAM DATES:
August 2025 – May 2026**

March 25, 2025

The information listed in this Site Information and Equipment List is for informational purposes only. There may be additional equipment or supplies on-site during the exam that may not be reflected in this manual. **Additionally, consumable supplies (e.g., alcohol wipes, cotton-tipped applicators) may change without warning.**

This information is not intended to prepare candidates for the exam, but to provide a general overview of equipment and supplies used during the exam. Candidates are reminded to thoroughly review the Evaluation Forms and Candidate Guide to adequately prepare for the Injections Skill Examination.

STATION INFORMATION - ROOM OVERVIEW

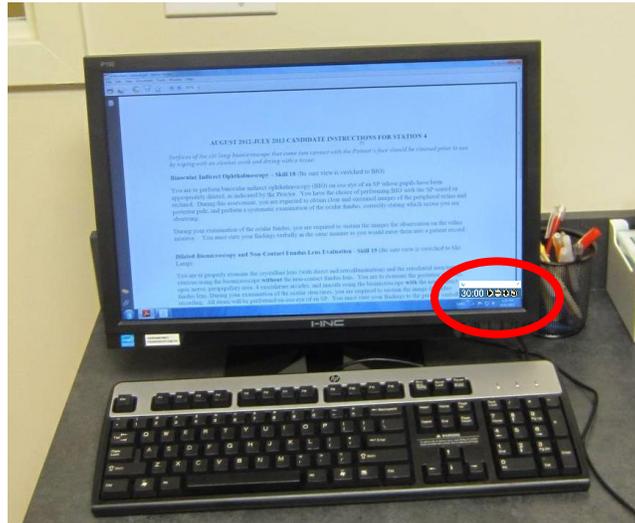

For illustration purposes only, may not be exact representation

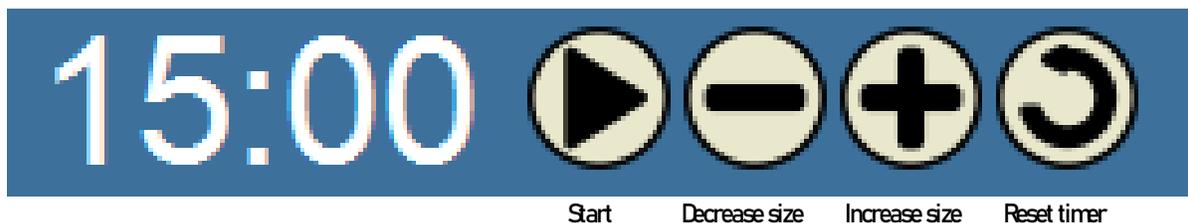

STATION INFORMATION - COUNTDOWN CLOCK

A countdown clock will be available on the exam room computer monitor for candidates to use. Use of the countdown clock is optional.

Countdown clocks on the computers do **NOT** officially determine a candidate's time.

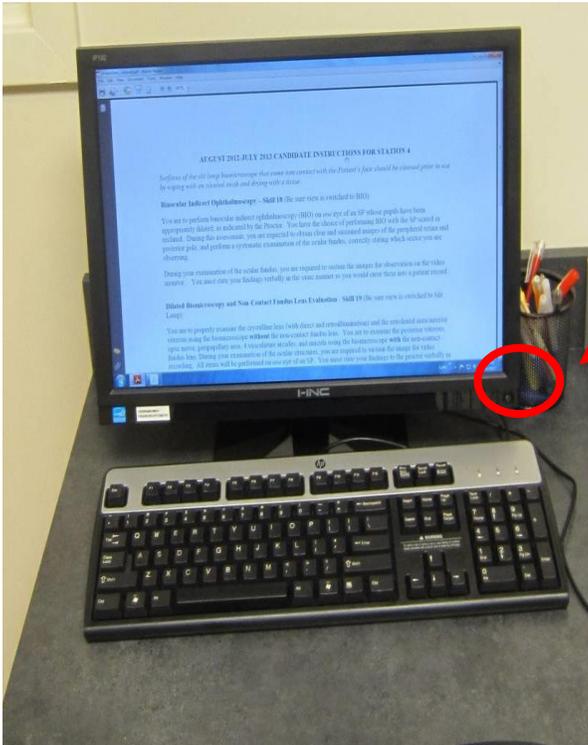

For illustration purposes only, may not be exact representation

Testing officially begins when you hear the announcement “The exam cycle has begun.” Testing ends when you hear “The exam cycle has ended.” Candidates wishing to use the countdown clock in the rooms must press the arrow button indicating START to begin the countdown clock. There may be a delay between when the announcement plays and when a candidate presses START, thus the official time remaining may be less than what is displayed on the computer. Using the countdown clock in the room is optional and only to provide candidates assistance in determining the approximate of time remaining in the station. Again, these clocks are not the official time keepers of the exam.

STATION INFORMATION

Computer Workstations

Displays station instructions

Not an item-by-item list, but a brief overview of procedures expected to be performed

Turn the monitor off/on by pressing button underneath the bottom right corner

Pens & pencils are provided in each station for candidate use

Bandages are available in all rooms in the event an injury occurs

Repeat Policies
Posted on the exam room doors

STATION EQUIPMENT & SUPPLIES

Table Area

Injections Supplies Overview

Injections supplies are organized in compartments on the table with plenty of needles, syringes, drape kits, etc.

Gloves/Tissues are found on the wall, to the right of the table.

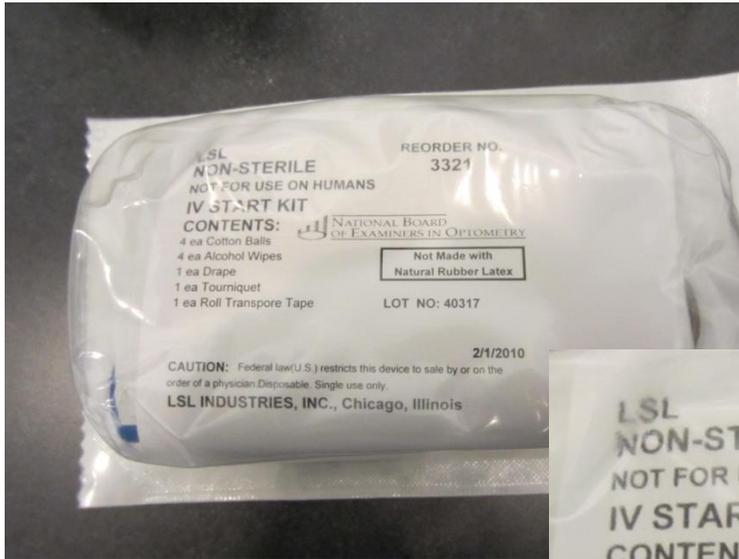

Sharps containers are mounted directly above the injections table.

There will be 2 vials of each simulated medication available.

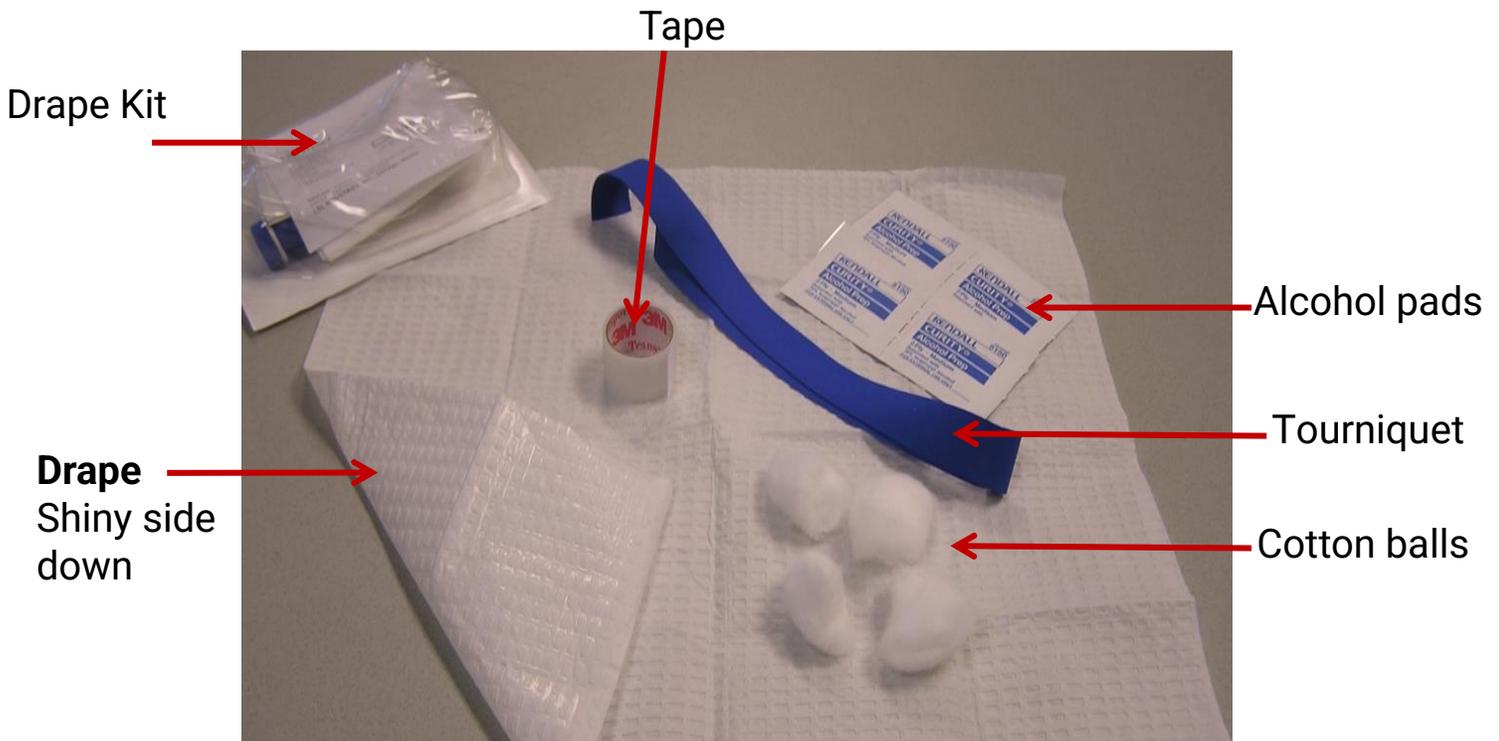

For illustration purposes only,
